TITLE: Lone Worker Policy	REF NO: QM 08/7	PAGE: 1 OF 1
----------------------------------	------------------------	---------------------

ISSUE: 2			
-----------------	--	--	--

INTRODUCTION

As an employer, we manage all health and safety risks before staff are deployed to work alone on any assignment. We manage risk by assessing the work being asked of us and completing a risk assessment contained within this document file.

Lone workers are those who work by themselves without close or direct supervision, for example

- Security Staff
- Cleaners
- Delivery Drivers
- Health Workers
- Warehouse Staff
- Police Officers
- Ambulance Staff

Like any lone worker, you must take care of your health and safety and that of others who may be harmed by your actions or lack of actions. You must co-operate with your employer, our client, and their stakeholders to help everyone meet their duties under this law.

It is our policy to:

- Carry out a suitable and sufficient risk assessment for lone working activities.
- Provide a safe work system for staff (Assignment Instructions).
- Provide appropriate information and training for all lone-working staff.
- Make adequate first aid provision for all lone working staff.

David Jones
Managing Director.

Safety of Lone Workers Procedure
